Your preparation snapshot

AI Questionnaire Response Kit - Software edition • Prepared by Engineering operations lead

0 of 13 sections reviewed by the preparer. Review marks describe the entries, not whether controls are operating.

4 Responses recorded

0 Recorded as approved

0 Evidence locations recorded

3 Open actions

Purpose and scope

24 employees and 4 contractors across engineering, support and operations

An enterprise prospect asks about AI in your company and product.

Next steps and open work

- A-1 • Engineering manager reviews generated code, dependencies and test results... • Engineering manager • Due Oct 22, 2026 • In progress
- A-2 • Support and security owners confirm permitted fields and retention before use.... • Engineering manager • Due Oct 22, 2026 • In progress
- A-3 • Product owner checks actual behavior and avoids unsupported security or AI... • Engineering manager • Due Oct 22, 2026 • In progress

Section notes

- Response register: Engineering operations lead: confirm the scope and supporting evidence for the recorded uses. Keep permission gaps visible and save the reviewed work...
- Actions: Engineering manager: resolve customer-data processing and log redaction are not yet verified before extending the workflow. Review by 2026-10-22.

This report summarizes your records. The Full record export preserves complete notes, entries and review coverage.

Before you send

- AI acceptable use policy
- Inventory of AI systems
- Training on customer data
- Opt-out and controls
- Data handling and retention
- Human oversight

23 more open themes or responses are listed in the full record. The next page shows all answer themes.

Before this leaves your team

Confirm the scope and supporting evidence with the owners. Resolve or clearly disclose open conditions. Choose the full record when the recipient needs detailed answers or evidence locations.
